## **1.8. Competition Rules**

The Padel competition will be held in accordance with the current edition of the following document that is in force at the time of the Games:

- The International Padel Federation Rules (FIP)

### **Score system:**

The matches will be played with the IPF official score systems:

- On the first point won "15" will be called on the second point won '30', the third point 40' and the fourth 'game'.

Except, if each pair have won three points, at which time 'deuce' will be called. The following point won "advantage" and if the same pair wins the next point, they win the game. If the point is lost the score will return to 'deuce'. And so on until one pair of players has won the two consecutive points which are needed to win the game.

- The first pair to win 6 games, always with a minimum advantage of 2, will win the set. · In the case of a tie (draw) at 5 games the players will have to play two more games, to win by 7-5. However, if there is a tie at 6 games a 'tie-break' or sudden death will be applied.

- The match is the best of three sets. Two out of three sets need to be won in order to win the match.

- In the case of a tie of one set each, and always previously established, the third set may be played without a “tie-break” so, if there is a tie at six games, the pair who gain a difference of two games win.

### **Appeals and Protests**
